

"Serving Amateur Radio Thru Education"

Club meetings are the 2nd. Wednesday of each month. Classes are the 1st, 3rd & 4th Wed. at 7 to 9 PM at the Hoover Elementary school, Hazel Park, Mi.

Club Net is on 2 Meters AM every Saturday night at 9 PM on 145.620 MHz.

PRESIDENT'S CORNER by Ken Spahr WB8JYO

OK hams, you elected me as president, so, I guess that I'll have to do better than my very best. Remember, my success is directly attributed to your help and cooperation for a bigger and better Hazel Park A.R.C.

Agenda for the Sept 10 meeting:

1. Re-assignment of club equipment. Please, if you have any club equipment, report it.
2. Swap & Shop- Jim Wolfe is looking for helpers, will you volenter?
3. ARRL Affiliation for HPARC. This is not a new issue but is still important.
4. Name tags- You know what these are, your identification, use them.
5. Other Old bussiness.
6. Program- Chet Uncapher
7. Field day contest and Raffle, see pg. 4 for details.
8. New bussiness
9. Adjornment.

.....
EDITORIAL By Gordie Tatro WB8OTA

Why does a club with nearly 100 members only get 6 members to show up for the annual family picnic? I was particularly surprised because we had such a good turn-out for field day. I realize that this event occurs during a lot of folks vacations. But, it is a constitutional authorized event. If we can't get better attendance in the future, perhaps some changes should be made. Its up to you the members.

Field Day 1975----BEST EVER!!!!

I am happy to report HPARC's finest QSO score. We as a group made a total of 1011 contacts, during this years Field Day. FB. Also, we made a lot of bonus points.

Chet's bicycle generator and regulated power supply worked fine. No problems with his creation. Chet also got some very respectable scores from 40 meters and the Novice station. Also a very nice turn out of novices.

Jim Blazo grabbed a few more bonus points by sending a message in ARRL form. Jim and his group also were pretty good when they grabbed 750 QSO points on 75 meter phone.

Gordie's oscar station was only half successful. We could hear oscar, but we could not hear our own signal coming back. Oh well, we can't win 'em all. Maybe next year's try will be a sure thing? Gordie did get a respectable tally of contacts from 2, 6, and 15 meters.

Austin Quinn produced a FB article. This article provided us with the requirements pertaining to public relations. The bonus points here are definately in the bag!

Ray Anderson and group produced a great score on 20 meters. A total of 748 points. However, we humbly conceded to 75 phone. You guys got us again; next year might be our turn. What say Jim?

Special thanks to Bob and Niel Karl. Thier 5 KW generator provided power plus for the entire weekend. Thanks also for the use of your call Bob. W8HS is the earliest cw call I've ever used.

Last, but not least, thanks to the Troy-Clawson Elks Lodge #2169. They gave us permission to use thier property. This is truly the best location in the area.

I as field day chairman thank everyone for thier fine effort and I hope that next year will be an even better effort.

Congradulations to Ken and Barbra Sphar on the arrival of thier new baby boy born 7-18-75, 8lb. 4 oz. Kenneth Montage Spahr.

.....
Joe Van Wie's wife suffered a mild heart attack in late August. The VanWie's new address is 1499 Carriage Lane, Rochester MI 48063

.....

Any afternoon shift workers that would like to get thier novice ticket, but can't get to the classes should contact Don Ferris WB8JYX at 398-6645.

.....

Detroit's first split-reverse repeater is in the planning and building stage. The operating frequency will be 146.895 Transmit and 146.295 receive and will be located in Dearborn. I believe this is going to be the new Tin Lizzie Repeater but as yet I haven't had this confirmed.

.....

A new battle of the repeaters has been started. The Toledo Ohio group finally gave up to Sarnia, Ont. and vacated 34/94. So where did Toledo go? Now they are invading the 19/79 air ways already occupied by three Michigan repeaters. Noticeably the local 19/79 repeater WR8AAA in Milford. Why can't some of these new repeaters try occupying the unused 5 MHz on the 220 Mhz. band instead of jamming the already crowded two meter band?

.....

If you want to be in the know about ham activities in southeastern Michigan, catch the better-than-ever Great Lakes Repeater net. Its every Thursday night starting at 9PM. A list of local Swap and Shops, club meetings, AM and FM nets and excerpts from HR Report are up-dated weekly. This is on the Clarkston repeater only at 146.25/.85 .

.....

If your wondering where WB8OLW has been lately, well Phil is now signing portable Ø ND. Phil joined the Air Force after graduation and is now permanently stationed . His new address is:

AMN Phillip McCown
PSC Box 823
Minot AFB
North Dakota 38705

????????? CONTEST CONTEST CONTEST ??????????

Your board of directors have decided to have a different kind of field day contest!!! Our club worked 45 states on field day. Do you know which 5 states we did not get??? Well get talking among yourselves. Don't forget the novices, the got some that the others didn't. Writ your 5 states on a slip of paper with your name. Turn your choices in at the Sept 10 meeting and get one free raffle ticket for each state not worked on field day.

Ken Spahr WB8JYO

Congradulations to Gary Keck, WN8 SVI for finishing 11 th in the ARRL novice roundup. I certainly hope to see more club members working the contest next time, novice as well as higher class tickets.

LOOK OUT Jim WA8UQP, I copied WN8UQP on 80 meters last night. This one is obviously going to be WB8UQP, it could get confussing!
