PRESIDENT'S QRM

Hope everyone is enjoying the nice weather. It'll probably be snowing again, but today it's gorgeous outside. I actually even did some work on my antenna system. Speaking of that, a fence post top works great for support. They are twenty-one feet long and sell for under \$10.00 at K-Marts. I attached mine to the clothes pole with hose clamps. Works great.

Seems that John Cook has a Heath HW-101 and he is beginning to explore the phone bands, especially 10 and 15. He reports that around midnight, 15 is open to Central and South America. Why not check it out sometime.

I made a mistake on the date for the transmitter hunt. The date is May, 6th. May 13 is Mothers' Day. Should be a good time for all.

Have you been thinking about elections yet? They take place in May with the installation banquet in June. You should start buying your tickets now from Maggie Numerick. Field Day this year is being run by Dick Maher WA8ZUB and Jim Turner WA8UQP. In case anyone is interested, what club member received his license the same day as I received mine? Give you a hint. His call is WA8UQP. Just thought I'd throw in that bit of trivia. Either Jim WA8UQP or Dick WA8ZUB will give a talk on Field Day at the April meeting. How's this for fair warning you two?

-continues-

This month's program is a talk on, "Project Skywarn," commonly referred to as Tornado Watch. I can't really go into details, since I don't know that much about it myself. Also on Monday, March 12, 1979, there will be a class on Skywarn in Oak Park. Contact Dick K8NKB for details.

Hi Hams,

Valentines Day has come and gone. For those unable to attend the HPARC Meeting, you missed a terrific time. "Your Heart," our program theme was carried out through the Michigan Heart Association by "4" great representatives from Holy Cross Hospital. The young Ladies gave us insight into the cause of heart problems and demonstrated resuscitation and the procedure used to assist a choking person. By returning a demonstration to the leaders you earned your Cardio Pulmonary Resuscitation card and learned what you could do to assist in an emergency situation. Congratulations to the approximate 35 new CPR card holders.

Our heart (rather tummy) felt great, thanks to Mrs. Field for the beautiful and delicious cakes. They were a real treat.

Our next meeting will be March 14, 1979. Lieutenant Kauffman will present Tornado Awareness, an inspiring program including, identification of cloud formations, a tornado in action, safety in a tornado, what HAMS can do to assist in severe storms, and also Mr. Kauffman will hand out information. Invite any interested friends to join us for the program beginning at 7:00 p.m.

Congratulations to Mike WDCNIS, "The Man of the Year." Mike has agreed to chair our 1979 Swap and Shop along with the able assistance of Rob WB8ZFN. Let's all give them the needed support this job requires.

Maggie will have our June Banquet tickets available at the March meeting. Remember the great food of last year. This year I hear it should be as good or better.

Also to be announced are the winners of the December-January CW contest. Come on HAMS, one more month to compile your log for the second CW contest. Logs for February-March are to be turned in at the April meeting. Happy Keying!

Prior to the February meeting, many stopped by the Clock Restaurant on 9 Mile Road just West of I-75 for a social time and a delicious meal. Everyone is invited, so circle the date on your calendar and treat yourself to a meal out on March 14, 1979.

THINGS TO THINK ABOUT

Some things I have been thinking about that might help improve our club. These are my opinions which I will bring up at the next meeting. First thing I thought of, having members elected to a slate, (Pres., Vice Pres., Sec., Treasurer, Board Members). Not a blanket board as at the present procedure. Also have trustees to advise the Board and oversee the Board procedures, constitution, by-laws, ect. This way you still have the same ones to carry over last years Board procedures and activities.

Next thing on my mind is to have an award for member of the year, based on participation in club activities. Have the Board set up the activities and/or scoring system, or have a new committee do the task. These are a few of my ideas, which I will bring up at the next meeting.
