PRESIDENT'S REPORT

It's kind of sad writing this as it will be my farewell. I would like to thank everyone for their support the past two years, also for your help. We have had our ups and downs as any organization must. I do believe that the ups far outweigh the downs. Many goals have been met and accomplishments reached. Many new ideas have been tried. Some of them even worked! We still have a long road ahead of us, but we've set the proper foundation to make the journey. Serving Amateur Radio Thru Education is our motto. Some questions to ask ourselves: Is this still our purpose or should we modify our goals? Do we want to put on a strong push toward a membership drive? What new avenues do we want the club to travel in? Are we going to keep going the way we are now? What do we want to do with the Swap and Shop? Many more questions have to be asked. But asking is the easy part. Answering is where the difficulty arises. It takes you to do your part. Are you willing to take the time to make "Your Club" stronger? Right now, take out a piece of paper and write down some answers and also some ideas. It won't take long, 5-10 minutes. About the time required to warm up the rig or glance at the paper.

I hope you will all join me in helping the new officers and offering a strong support to their leadership. Rob WB8ZPN has put an awful lot of time and effort into the club. I feel that he will add the necessary zeal to help the club grow. The other officers are:

Mike Schnell  
Jim Battle  
Jack Field Jr.  
Bob Williams  
Leo Van Poucker  
Carol Greenfield

WD8NIS - V. Pres.  
WD8JXV - Sec.  
WA8UPU - Parliamentarian  
KA8CFT - Tres.  
N8AFA - Membership  
WD8JEJ - Board Member

In closing, my thanks go out to my fellow officers for the past year-Carol WD8JEJ did an excellent job as Vice Pres. Carol handled the programs, a good job. Donne Viau handled the money. You can always tell when a person does a good job by never having any trouble. The budget worked and I can't remember any checks bouncing - Why not get on the air more?

Jim Battle served as Secretary. A good job. Minutes were always kept and the proper correspondence sent out. John Cook served as Parliamentarian as well as P.R. It was very nice to hear our club mentioned on WXYZ - John, thanks for the help. Rob, thanks - what else can I say? If you need any help just ask; and last but not least, Leo; as you are reading this, just think of the time and effort that goes into the bulletin and you can appreciate the fine work Leo has done.

I hope I'll see everyone at the banquet and at Field Day.

#### FIELD DAY

Just as Uncle Sam said, "We need you", Jim and Jack says, "We need you!"

**Date:** June 23, 24 1979

**Site:** G.M. Tech Center (see map in bulletin)

**Time:** Try to arrive around 9:30-10:00 A.M. for set-up. Anyone and everyone is welcome.

Field Day runs from 2:00 P.M. Sat. to 3:00 P.M. Sunday .

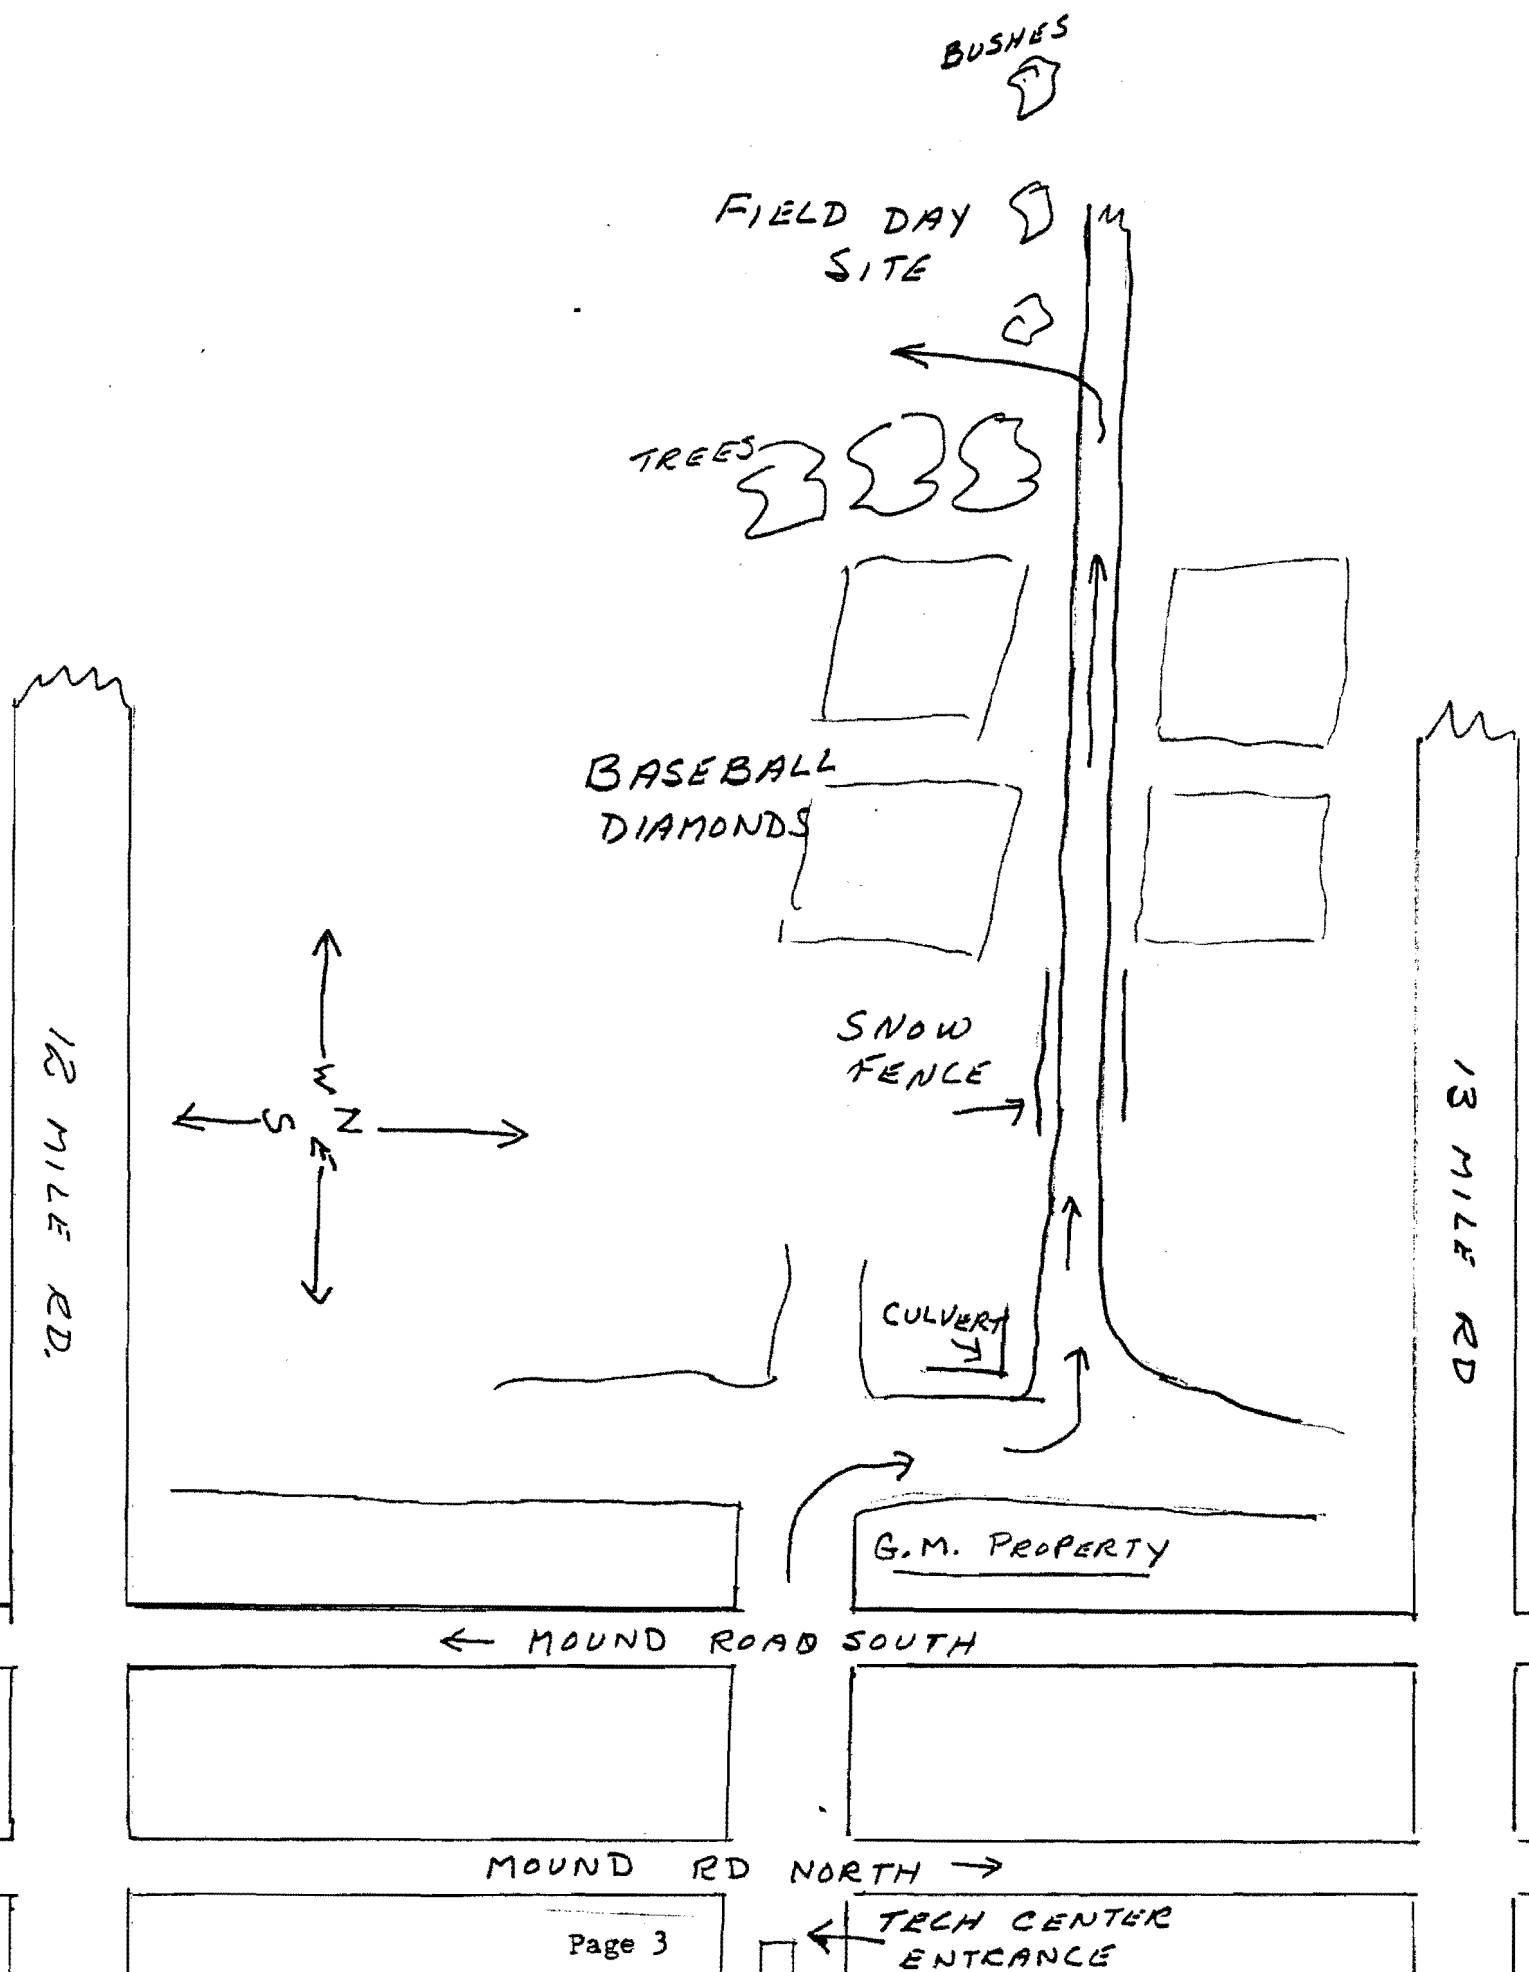

**People Required:** Operators, loggers, sightseers, everyone come and join the fun. Although this is a contest, it is also a fun event! You don't have to be licensed to participate. We will be operating for a 24 hr period. Food and refreshments will be provided.

**Equipment:** We need equipment - transmitters, receivers, transceivers, SWR Bridges, coax, etc. Contact Jack WA8UPU.

**Shelters:** We need these also. It's rather tough to operate outdoors in the rain. Trailers, tents, whatever. Again contact Jack WA8UPU.

Remember Field Day is a test of emergency preparedness, but it is a fun event. Come on over!

**PART TIME JOB:** Anyone interested in doing part time electronic service in their home contact Jim WA8UQP Ph. 547-1508.

FLYING HIGH

John WD8AYW saw Wilson Hall WB8OVR walking about 3 ft. above the sidewalk a couple of weeks ago. After getting him back down to earth, John learned that Wilson was down at the FCC and passed his Advance. Congratulations, Wilson!

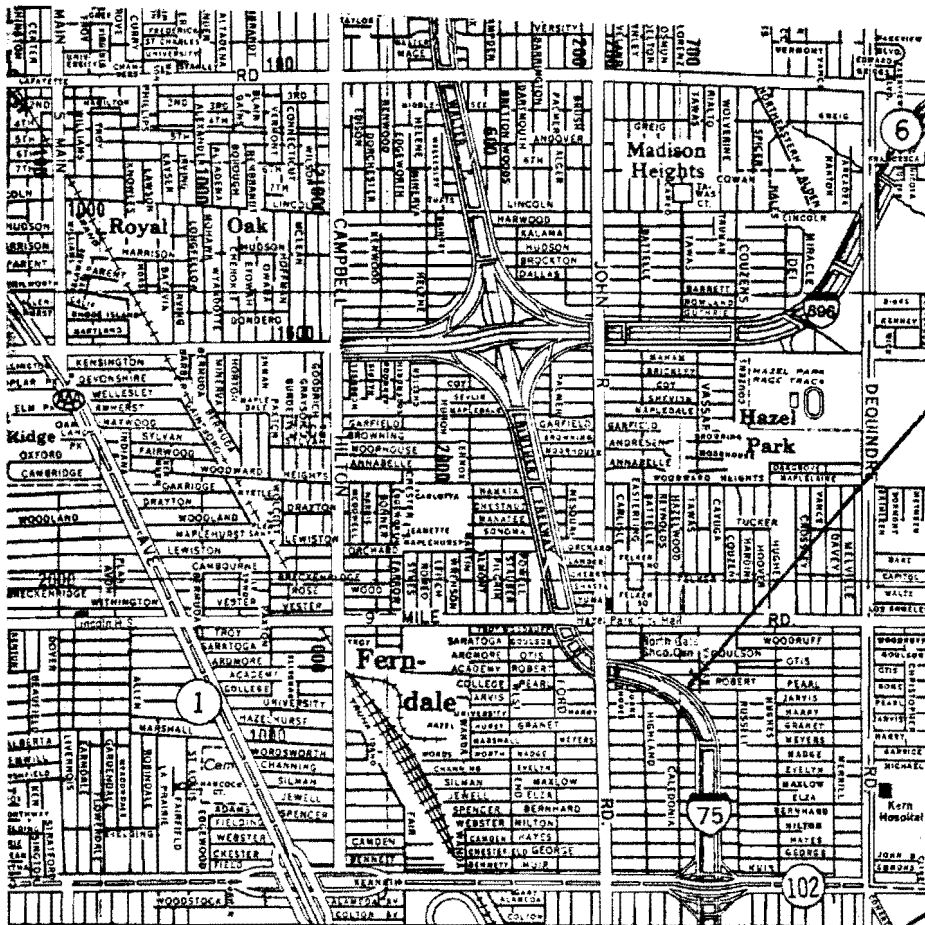

LOSER OF THE MONTH

Jerry WB8ZRH saved the club \$20.00 by leaving early.

NEW MEMBER FOR MAY

George Mough N8AZT
