PRESIDENT'S QRMs

Well it is Sweepstakes time and I will be running phone at home and hope some of you will jump in also. I would like to see a nice turnout at the meeting this month. We will set up a WORK schedule for Swap & Shop. See you all at the meeting.

73' Dan KA8NDY

VP'S QRMs

Well I See (or hear) the Tigers won the series! (Personally I don't like baseball HI HI). I am debating on whether or not I want to mess with Packet Radio. I had a good time down at the Detroit Free Press Marathon (Mile Marker #20). I tell you when they say there are 4,000 runners don't think that they will pass your post in 10 minutes HI HI. It tool 2½ hours. See you at the next meeting.

73's Mike N8EQD

P.S. You better be there or be square.

HONORARY MEMBERS

REVISED APPLICATION FOR AMATEUR RADIO STATION and/or OPERATOR LICENSE

The FCC Form 610 has been revised and the new version dated June, 1984, will be available at field offices in September, 1984.

The revisions reflect the recent changes in the Amateur Rules to allow volunteers to administer Amateur Operator Examinations and the new Novice exam procedure.

Additional information, concerning these changes, is in the instructions in Section II of the form.

The question pertaining to the antenna height has been removed from the form. If the height of your antenna will exceed 60.96 meters (200 feet) or 1/100 of the minimum distance between the antenna site and any aircraft landing area (refer to Section 97.45) you must complete FCC Form 854 (Request for Approval of Proposed Amateur Radio Antenna and Notification of Action). FCC Form 854 may be obtained from your nearest field office.

The new FCC Form 610 should be used immediately. Previous editions dated August 1980 or later will be accepted, except those requesting examinations for new licenses or examinations to upgrade an operator class. Another Public Notice will be released later specifying the date that all previous editions of the FCC Form 610 (prior to June 1984) will become obsolete and may not be used to obtain Amateur licenses.

For further information contact the Consumer Assistance Branch, Private Radio Bureau, Gettysburg, PA 17325. Telephone number 717-337-1212.
