"OK, lets get this show on the road!"

This month we have been very busy getting ready for the Elections, the SET and all the other things that go on behind the scenes to keep the club an interesting place to be.

This months guest speaker will be WB8SIW, Jim who was the featured speaker at the September Meeting. At that time he gave a talk on the 'History of Amateur Radio' from its' early days to about 1940. He comes back this month to fill in the blank from about 1940 to Present.

If you enjoyed the September Meeting, you should well enjoy this one.

Several other things are coming up, the most important one being the Elections which will follow the presentation by Jim. We are also still looking to fill some positions which are important to the well-being of the club not the least of which is an Editor for this Rag.

I'm looking forward to seeing all of you at the next meeting.

73, Mike Van Buren, WD8S
