PRESIDENT'S QRM

Another year is just about to end. With the end of the year, we have a number of bits of "final business" to take care of. First is the annual HPARC banquet, celebrating the club's achievements and recognizing the special contributions of our members, as well as the installation of next year's officers.

Banquet chair Marsha informs me that the banquet is a GO. She said there is still room for those who have not made a reservation and she needs to call them with a head-count on Wednesday, June 4. Please be sure to let her know ASAP if you are planning to attend. You can e-mail her at N8FE@arrl.net or call at 248-542-9573. Tickets are \$17 per person, with the option for a cash bar.

Don't forget about Field Day at the end of the month, too. This year's event will take place on June 28 and 29. As usual, we will be operating from the Hazelwood property up I-75. If you have a spare HF radio to contribute for the weekend, let the FD chair, John (K8UP) know. We are planning on running a 3-A station again this year, but need more equipment to make this happen.

Finally, I would like to take this opportunity to say once again what an honor it has been to be the president of this fine group for the past two years. I am stepping down with mixed feelings. I am happy to see that Murray, KE8UM, will be taking the reins as a very capable leader for the club, but I am finding it hard to get used to the idea that I won't be in an officer position for the first time in a few years.

I want to commend and thank all of you who have taken the time and made the effort

to volunteer in one way or another to make this such a vibrant and effective group of dedicated individuals. Without the members, we could not achieve many of the things we have done in the past few years. Good luck to all of the new and returning board members, and I'll be working you soon on the DART. See you at the banquet!

Jeff, N8WR

FIELD DAY

Plans are under way for Field Day. This is a contest to test our ability to operate in the field on emergency power and with portable antennas. Thanks for Mike WD8S and Gerry K8GT we have our 40 and 20 Meter Rigs. Towers will be ready. However, we are short some equipment.

EQUIPMENT NEEDED

- GOTA station, antenna and computer
- 80 meter station, antenna and computer.
- Optional 6 meters radio plus antenna and PC

WORKERS NEEDED

- Setup and teardown afterward on Sunday

We'll have something for everyone. No matter if you are heavy into contesting or just wanting to operate and make some Q's, we have a place for you. Experience not required—Just that you want to give it the old college try.

Not everyone is interested in the contest side of Field Day so we have a station for those you. We also will have the GOTA station.

The most important thing is that we have OPERATORS at ALL TIMES. We want operators even in the MIDDLE OF THE NIGHT. Field Day runs the whole 24 hours non-stop. WE NEED YOU.

We would like to set up some times people are coming. Contact John K8UP at 248-542-9573 for more info or to let him know you are coming even if it's a "maybe". P.S.—Don't forget BUG SPRAY & linens if sleeping over Rules <http://www.arrl.org/contests/rules/2008/fd.html>
